Welcome to season 15 at Air Born Cheerleading. In 2023 we are celebrating our 15th Season and what an incredible milestone to reach. I was in my early 20's when I went out on a limb and decided to start a business, never would I have thought 15 years later we are still here and have accomplished all that we have.

In 2023, we are heading to the World Championships for the 5th time!!!

This season we have big dreams and big goals. We aim to finally bring the "community" back together with more social events for our students. We are striving for "excellence" on the competition floor. We are pushing for "progression" in the gym with our athletes skill level. Our coaches have already started putting in the work with furthering their professional development and working hard on their plans for each team.

We are ready to motivate and inspire every athlete to be their best so they can have lot's of success both with their own personal goals and on the competition floor.

Season 15, let's do this!!!

Kind regards,

Emma - Air Born Director

CLASS SCHEDULE

Air Born will open for classes from 30th January 2023.

Please note classes will not run on public holidays and during other Air Born events such as competitions which may fall on regular training days. Please note we have taken these factors in to account when calculating class fees.

We are hoping that issues relating to Covid will not arise this year. However we do ask you to remain flexible as we never know what may lie ahead. This may mean changes in staff, combined or re-scheduled classes from time to time. Should "in-person" classes become not possible due to the effects of Covid or other factors, classes will move online. This may be for one day, one week, or whatever is thrown our way. The class schedule may be altered during this time, however we will always ensure athletes have the option to attend the same (if not more) class hours online as what they would if they were at the gym. Please note regular class fees will continue if we are forced to move online.

2023 CLASS DATES:

Monday 30th January- Friday 15th December 2023

Please note classes will continue through the school holidays on a modified schedule.

UNIFORM GUIDELINES

A uniform is an important addition to belonging to Air Born Cheerleading. It creates an identity and sense of belonging both at the studio and in the public arena. Studio pride is a wonderful way for students to strive to be the best cheerleader or dancer they can be and show support for their team.

Wearing a uniform helps the students switch on to cheer & dance when in class by association. It prevents them looking sloppy and untidy. A tidy outfit translates to a focused student.

Our uniform is very practical. It enables the teachers to assist students in learning, as it provides staff with the ability to see all movement when giving instruction. It also creates uniformity which makes it easier for coaches to see areas of skills and routines needing attention.

Uniforms encourage discipline. As much as cheer & dance is enjoyable, discipline is required to ensure everyone in class receives a high standard of teaching. Uniforms are a reminder that there are rules to follow and respect.

A uniform prevents economic and social differences being experienced at the studio. The peer pressure to buy expensive labels is taken out. Having a set uniform across the board represents the idea that all students are equal.

When all students are wearing a uniform it prevents cliques or little groups forming as students feel they are part of one big team rather than smaller friendship circles.

Parents we do ask that you assist us. There are many reasons why a uniform is beneficial and we would really appreciate it if you made sure your child has their uniform on when coming to class. Help your child be proud to belong to Air Born Cheerleading.

1.Students must wear correct attire to all classes as listed in this information pack.

2.Students must have their hair tied back securely. Hair must be tied up neatly away from the face and in the style described above for each of the different disciplines.

3.Students must have their nails cut short. Long nails including acrylic nails are NOT permitted in training or competition.

4.Students must take off all jewellery before class and competitions/events. Including: necklaces, bracelets, earrings, body rings of any form etc. Students must NOT get new piercings during the AIR BORN year (it is advised to wait until after Nationals to get new piercings to allow the 6 week window of healing).

New piercings is not an excuse to wear jewellery during class or competition. Hard to take out jewellery is also not an acceptable reason to wear jewellery at class/competitions/events. The fear of holes closing up is also not an acceptable reason to wear jewellery at class/competitions/events. PLEASE DO NOT ASK FOR AN EXCEPTION TO THIS SAFETY GUIDELINE.

5.Students must not chew gum during class.

6.Students that do not wear the correct attire and adhere to all rules related to hair, jewellery, nails and gum, will not be able to participate in class until it has been corrected.

7.If students continually break the rules concerning correct attire, they will be removed from the Squad.

2. Students must seek professional treatment if they are suffering from an injury or ailment that prevents them from participating in more than a week's worth of classes.

4. If a students ability to perform the skills required of the team is not sufficient (whether due to lack of progression, injury etc) the student may be required to either attend extra classes such as tumbling, commence private classes or may be stepped down from the team until they are able to perform the skills required for the team.

5. If students repeatedly have to sit out of training due to injury or ailment, they will be stepped down from the team for competition until they are able to train consistently for a period of time deemed necessary by the coach until the student can prove their fitness and perform skills safely.

6. Students are expected to complete at home training prescribed to them from their coach, as well as taking initiative to complete AB @ HOME ON DEMAND classes at least once per week.
